is a classic card trick with an Easter theme. Very easy to do but quite baffling! Jesus is buried, is then gone from the grave but re-appears elsewhere later.

(JUMBO size cards)

- is a baffling, colourful, A4 size free choice trick that teaches truths about the true meaning of Easter and Jesus himself. The trick is easy to do but the effect is absolutely

amazing. The message is gospel centred so is suitable for all times of the year.

WHICH WAY TO HEAVEN?

This is a 'free choice' A4 size trick using multi-coloured squares to show that there is only one way to heaven!

WHAT'S FIRST? A colourful A5 size counting and spelling game that shows what's first and the most important in many people's lives ... but amazingly the audience sees what (who) should be!

WHO IS THE KING?:

A volunteer from the audience chooses a card from a stack of 4 cards. After a lot of fun, the 3 other cards are shown to be low cards but the one the volunteer unknowingly chose is always a KING. When the

King is turned over it is shown to be the face of Christ!

BALANCING QUESTION MARK - A plastic question mark that can be used to talk about the questions we have in life. When an audience participant tries to balance it on the end of their hand it keeps falling to the ground. But by adding a belt to it (use yours as one is not included), you can actually balance it on the end of your fingers. Amazing - you may even have an application to the belt of truth (Eph. 6) or how Jesus is like the belt that helps us live a balanced life.
